## Hughes, Root, Lodge, Underwood Chosen Armament Delegates

Conference Will Consist of 20 Members, Four From Each of Five Major Powers; Smaller Nations Admitted Only to Far Eastern Parley

### President Pleased With Choice

Washington, Sept. 9.—President Harding today announced the full delegation to the armament conference. It consists of four members: Charles Evans Hughes, secretary of state, former justice of the supreme court, one-time candidate for the presidency and twice governor of New York; lawyer by profession.

Ellis Root, once secretary of war, later secretary of state, former senator from New York; lawyer, jurist and statesman of international reputation. The late President Roosevelt, his close friend and colleague, once paid tribute to his attainment by describing him as the "ablest man in public life in America."

Henry Cabot Lodge, senator from Massachusetts, Republican floor leader, chairman of the foreign relations committee, long-time student of international affairs and author of many works of an historical nature.

Oscar W. Underwood, Democrat, senior senator from Alabama, leader of his party in the senate as he was in the house of representatives, regarded by colleagues of both parties in the senate chamber as "safe and sane;" lawyer by profession and in public and political life since 1892. He was for the treaty of Versailles and the League of Nations covenant, with or without reservations.

These four will represent America at the table at which will be gathered four from each other nation represented.

Confidence that both Mr. Root and Senator Underwood would serve was expressed at the White House. Senator Underwood's position as minority leader in the senate, where he might be called upon to support any treaty or other agreement reached, was not expected to preclude his acceptance. In event, however, that he should find it impossible to serve, it was intimated unofficially that John W. Davis, former ambassador to Great Britain, might be the Democratic member of the American delegation.

The Supreme Body.

The conference proper, or what might be termed the "supreme body," will consist of 20 members, it was announced, each of the five major powers being represented by a "big four." An understanding to this effect has been reached with the other powers, according to White House announcement.

Only the "big four" delegations from each of the five allied and associated powers will be invited to the conference on armament limitation. The delegation from China, which was invited especially because of Far Eastern problems, will sit with the 20 delegates representing the principal powers, it was said, only when Far Eastern problems are under discussion. Representatives of Belgium, Holland and other nations, it was explained, will occupy a similar position. The "supreme body" conference only when Far Eastern interests are affected. Armament questions, it was emphasized, would be left solely to disposition of the supreme body of 20.

After the announcement of the four American delegates, it was said that the next step would be the selection of advisory bodies. The proposal probably will be limited to 12 or 15, including a staff of army and navy experts. The advisory personnel also will include one or more women. President Harding today received from Mrs. Clifford Pinchot the names of a half dozen women regarded as fitted for selection.

Government Approval Essential.

In the American "big four," President Harding was said to believe that he had chosen the four outstanding men capable of speaking the sentiment of America. They will not have plenipotentiary powers, it was explained, agreements of the conference requiring the expressed sanction and approval of their respective governments.

Inquiries at the White House on the possibility of an association of nations developing from the armament limitation meeting were met with the statement that the armament council would in itself be "nations in association." It also was stated that the President did not desire to "cluster up too much" the armament limitation conference with extraneous questions. It was said to be his hope to get results from the conference, crystallizing the public sentiment which is believed to exist in favor of limitation of armaments. The conference, it was said, was designed to "set away from sentiment" and to "find an opportunity for expression of convictions."

The question of a secretary general for the conference is being considered. George Wharton Tucker, Philadelphia lawyer, has been suggested for the position, but officials are not yet ready for an announcement.

## LARGE INCREASE IN R. R. NET OPERATING INCOME

Washington, Sept. 9.—Railroads of the country had a net operating income of \$49,435,000, the largest since last October, and \$17,000,000 more than in June, the Association of Railroad Executives announced tonight on the basis of reports filed with the interstate commerce commission. The earnings, a statement by the association said, were at the annual rate of four and a half per cent on the tentative valuation fixed by the commission for rate-making purposes. The computations were based on reports from 202 Class I railroads having a total mileage of 235,411.

Roads failing to earn their operating expenses and taxes for the month numbered 57 as compared with 72 in June.

## STRIKERS REPRIMANDED

White Plains, Sept. 9.—Twenty striking employees of the Cortland Hat company, Peekskill, were given suspended sentences of 60 days each today by Supreme Court Justice Tompkins, with the understanding that the offenders again violated an injunction of restraint granted the hat company several weeks ago. The strike has been in existence since last May.

## Does This Mean Peace in Ireland?

At the moment when negotiations for Irish peace seemed deadlocked, the Sinn Fein started bargaining for this beautiful mansion as the official residence of the future Irish Prime Minister. It is St. Woolston's Priory, one of the oldest mansions in Ireland. It is situated at Calbridge, Kildare county and is known as Scala Coeli, "The Ladder of Heaven."

## SHOOTS DIVORCED WIFE AND LAWYER

Boston Man Commits Double Murder in Crowded Street Car Expresses No Sorrow

Boston, Sept. 9.—Passengers on a crowded street car in the West Roxbury district, many of them women, saw Charles A. Wells shoot his divorced wife, Ella A. Wells, and her counsel, A. Louis Altmeyer, today. The woman died almost instantly and the attorney soon after arriving at the hospital. Five shots were fired from a revolver to which Wells had tied a wedding ring with a piece of black string.

The conductor of the car threw the door open. While some of the panic-stricken passengers fled, others seized Wells and turned him over to the police. He expressed no sorrow at his act, officers said, telling them he had threatened a week ago with the intention of killing his former wife and Altmeyer. The latter acted as counsel for Mrs. Wells in her recent divorce proceedings. They were on their way to court today to press alimony proceedings and to seek action against Wells, who was alleged to have been annoying his former wife.

Mrs. Wells obtained her divorce on the grounds of cruel and abusive treatment.

## LONGSHOREMEN'S DEMANDS FOR HIGHER PAY REFUSED

New York, Sept. 9.—Demands of longshoremen handling overseas freight for a new wage scale of 72 cents an hour with \$1.08 for overtime, effective October 1, were refused today at a meeting of steamship owners and operators.

A committee, representing the owners, had previously met with officials of the International Longshoremen's association when the new contract was discussed. The owners, through their committee, made an offer of 65 cents an hour, with \$1 overtime, which the longshoremen refused.

Reports of the negotiations have been submitted to local unions of the association for further action.

## CROWELL HEADS AERO CLUB

New York, Sept. 9.—Benedict Crowell, former assistant secretary of war, today was elected president of the Aero Club of America, succeeding Myron T. Herrick, who resigned on becoming American ambassador to Paris. Lieut. Col. Harold E. Hartney was chosen executive secretary.

## DRUG RAID ENDS WITH SUICIDE OF MAN WHO LED IT

Frank Fitzpatrick Heads 13 Agents in Gallant Charge on Steamship, Then Ends Life With Pistol

New York, Sept. 9.—One of the most spectacular drug raids New York has known ended today with the mysterious suicide of the chief raider.

Frank J. Fitzpatrick, head narcotic investigator, led 13 agents in a gallant charge upon the gangplank of the great steamship King Alexander and engaged in a hand-to-hand fight in which volleys of shots were fired, five seamen wounded, \$100,000 worth of drugs and whiskey seized, and nearly 325 men aboard the vessel rounded up for examination.

The raid, over, Fitzpatrick stepped into a wash room on the Brooklyn dock, where the King Alexander was tied up. Two shots rang out. Fitzpatrick was found dead, both bullets in his heart. The suicide completely mystified the raiding party. Their only theory was that their chief, who they said had been worrying over his health, suddenly had become demented in the excitement of the fight.

Tenants were awaiting the arrival from Washington of Colonel O. G. Forer, executive assistant to the chief of the narcotic division of the internal revenue bureau, ordered to New York to make a thorough investigation.

The raid had been elaborately planned by Fitzpatrick ever since the King Alexander sailed into port on September 1 with a quota of Greek immigrants which her captain feared would exceed the month's mark.

Through stool pigeons, he had arranged for \$20,000 worth of whiskey and drugs. These were to be delivered through a porthole. Preliminary payment of \$1,300 to a ship's officer and \$500 to a watchman were alleged to have been made.

Bright and early, Fitzpatrick and his agents showed up, approaching the vessel in launches. But the suspicions of certain members of the crew were aroused and they opened fire as the motor boats drew near.

Landing under fire, the raiders rushed the gangplank. The fire continued as the party jumped onto the deck. Then the fight started.

Finally, reinforcements arrived. It took some time to subdue those who resisted, but at last 15 men were arrested on suspicion of being ring leaders of a smuggling gang, many of whose members escaped in the melee.

## SENATORS APPROVE MELLON'S FIGURES

Minimum Total Tax of \$3,200,000,000 This Year Is Plan of Leaders

Washington, Sept. 9.—A minimum total of \$3,200,000,000 for this fiscal year is the aim of the Republican members of the senate finance committee in revising the house tax bill, Chairman Penrose said today after a conference of majority committee men.

This is approximately \$100,000,000 less than treasury experts have figured the house measure would yield, but is the total which Secretary Mellon has told the committee would be necessary for the conduct of the government, provided the economies in departmental expenditures agreed upon at the White House conference last month are effected.

Neither the whole committee, which met this morning, nor the majority members, who were in session this afternoon, reached any agreement on specific revisions proposed yesterday by Secretary Mellon. There was prolonged discussion of some of them at both sessions with the Democratic members launching their fight against retroactive repeal of the excess profits tax, reduction of the income surtax to 25 percent, and restoration of the transportation taxes at half the present rates.

After the meeting of the majority members, Senator Penrose said that while the drift of sentiment among the Republicans seemed to be in favor of repeal of the profits tax as of last January 1, the situation was such that the drift might change in the direction of repeal as of next January 1 as provided for in the house measure.

Senator Simmons of North Carolina, speaking for the six Democratic members of the committee, declared against retroactive repeal of this tax and characterized as "indefensible" the proposal of Secretary Mellon to reduce the income surtax rates from 63 per cent to 25 percent, effective January 1, 1922. He declared that the 22 per cent maximum rate fixed in the house bill was too low.

During the day, Senator Hitchcock, acting Democratic leader, issued a formal statement attacking the proposals to repeal the profits tax and cut the surtax rates, declaring such action "very objectionable." He added that such incomes as \$500,000 or more were "contrary to the public interest" and could be "limited and restricted by taxation."

## ASSAULTS STRINGENT VOLSTEAD METHODS

Senator Ashurst Tells Richfield Springs Convention It Interferes With Rights

Utica, Sept. 9.—Declaring himself opposed to the stringent regulations embodied in the Volstead act, United States Senator Henry F. Ashurst, addressing the New York State Retail Coal Merchants' association at Richfield Springs tonight, denounced the searching of private property for liquor without a warrant as illegal and a contravention of rights guaranteed under the constitution.

The stopping of automobiles or the entering of houses for search without warrants is absolutely illegal, the senator declared. The prohibition enforcement department's interpretation of the law he characterized as often being stupid.

His remarks, which were delivered at a banquet held in connection with the association's annual convention, were greeted with applause.

Frederick Stevens, of New York, president of the national association, speaking on legislation affecting coal interests, asserted the industry is hampered by too much legislation. D. Fred Williams, a Scranton coal operator, charged that the industry is "taxed to the limit."

## GRAND JURY CALLS ENRIGHT

New York, Sept. 9.—Police Commissioner Enright was subpoenaed today to appear before the Bronx county grand jury next Friday to explain why the police continue to search for liquor without warrants. Neither the district attorney nor the foreman of the jury would discuss the case. All but two of 40 complaints for liquor violations laid before this jury have been thrown out.

## Auto Salesman Is Brutally Murdered; Companion Missing

Body of Chicago Man Discovered Manacled and Mangled in River; Rich Youth to Whom He Delivered Car Held in Connection With His Death

### Police Find Blood-Soaked Hat

Chicago, Sept. 9.—The body of Bernard J. Dougherty, an automobile salesman, was found manacled and mangled in the Desplaines river near Chicago this morning. Call agents, a fellow salesman of Dougherty's with the Packard Motor company, is missing, and H. W. Church, a 29-year-old youth to whom Dougherty delivered an expensive motor car yesterday, is held tonight at Adams, Wis., in connection with his death.

A pair of handcuffs was attached to one of Dougherty's wrists, a small rope was twisted about his throat, and the head had been almost severed from the body. In addition, bruises about his head and shoulders seemed to indicate that he had been beaten and kicked. His home was at St. Paul, Minn., and he was widely known as an amateur distance runner in that state.

## DAIL TO CONSIDER BRITISH PROPOSAL

Private Meeting of Irish Republican Parliament Called for Next Wednesday

(By The Associated Press.)

Dublin, Sept. 9.—Convocation of a private meeting of the Irish Republican parliament for next Wednesday to consider the British cabinet invitation to a conference on the Irish question at Limerick on September 20, was decided upon this afternoon by a meeting of the Dail cabinet.

If plenipotentiaries to the conference are to be appointed, as was suggested in Premier Lloyd George's letter, delivered to Mr. DeValera last night, it is understood that in order to give them greater authority their names should be submitted to a full meeting of the Dail tomorrow.

Optimism over the status of the negotiations tonight drew the inference that a decision had been taken to recommend the appointment of plenipotentiaries, while some pointed out that a final breach of negotiations also would require a full meeting of the Dail. The optimists, however, appeared to constitute a large majority.

## COAL OPERATORS CALL ON HARDING

Ask That Small Body of Troops Be Kept in Region of West Virginia Disorders

Washington, Sept. 9.—Delegations representing the coal operators of Logan county and Williamson fields of West Virginia called on President Harding and Secretary Weeks today. The delegations asked Mr. Weeks to keep a small body of troops in Boone and Kanawha counties until the state militia had been organized.

Memorials addressed to President Harding by the operators of the two fields charged that the United Mine Workers' union had "recruited and armed an army of from 6,000 to 8,000 men" in the union fields of West Virginia which deliberately moved out to "cripple all the powers of government" in the non-union coal fields.

"If our field and the adjacent non-union fields in West Virginia and eastern Kentucky should be unionized," the Logan memorial said, "it would put officials of the United Mine Workers in control of the production and distribution of all the coal in the United States."

In 1919, the memorial said, the United Mine Workers "attempted to freeze the country into submission" and "only the production of coal from non-union fields prevented complete success." The non-union fields at present are running full time, with plenty of miners willing to work, and are supplying coal at lower prices while union mines are closed, the memorial asserted.

President Gompers, of the American Federation of Labor, was accused by the Logan operators of "unwarranted and untrue statements" in calling the non-union fields "the last stronghold of autocracy in West Virginia."

"The only autocracy now or ever known in West Virginia," the memorial continued, "is the autocracy which the United Mine Workers seek to establish. Their whole object is now and has been since 1912 to cripple all the protecting powers of government so that their army can march into the territory of non-union mines, shoot down the workmen and destroy the mining plants at will. This is a part of their plan to possess themselves of all the mining properties in the United States and Canada."

## WOMAN ELECTION OFFICIAL ACCUSED OF FALSE ACTION

Wheeling, W. Va., Sept. 9.—For the first time since woman suffrage was granted in West Virginia, a woman election official has been indicted, charged with making false returns. The Ohio county grand jury investigating the recent city election today returned indictments against Elsie Crammett and four men, who served as clerks at a voting place.

State's attorneys charge that the woman conspired with the four men to help certain candidates.

## GRAND JURY CALLS ENRIGHT

### THEY FORGOT THE PATRONS

UNADILLA TEAM REFUSES TO FINISH GAME WITH GIANTS YESTERDAY.

Distasteful Decision of Umpire in Play at Home Plate, They Forfeit Game 9-0—Crowd Greatly Disappointed—Bonackers of Albany Here Today.

It is unfortunate that base ball managers and captains sometimes overlook their obligations to those who make games possible—the patrons. Such an incident occurred yesterday in the game between Unadilla and Washington's Giants at Neahwa Park grounds. It is to be regretted and, doubtless the managers of the Unadilla team will this morning share in the regret that they did not listen to their own best judgment and the advice of the majority and the saner members of their own team and continue the game, which they stood quite possibly a better than an even chance of winning. Had the crowd there listened to one or two of their players and refused to continue and left the field in the last half of the sixth inning, the game would have been finished. Umpire Beane accordingly declared the game forfeited to Oneonta 9 to 0. The people who had paid their money wanted to see the game finished and some way should have been found to have satisfied this desire.

Umpire Beane analyzed the situation accurately when he explained in announcing the end of the game, that it is a certainty, with the desire strong to win, that dissensions with the decisions of an umpire should arise. He endeavors to decide each play as he sees it, with no thought of its effects upon the outcome of the game.

He referred to the play correctly. In Oneonta's half of the sixth with one out, the crowd on the bench and Sinsack on second, the men tried a delayed steal. Boyla threw to Gilmore, covering second for the visitors. He returned the ball promptly to Boyla. Boyla had the ball in time to tag Harlow but he stood squarely in the base line as the runner came speeding down the base line and in the inevitable collision the Unadilla catcher was felled and knocked out, the ball falling to the ground. According to the rules the umpire had no alternative but to call the runner safe, which he did. Umpire Beane called time and sent Sinsack back to third. Unadilla had one or two players who refused to continue the game unless the umpire would change his ruling, which he refused to do. It was accordingly forfeited.

The forfeiture was a great disappointment to the assembly of fans. The contest had been a pretty one to watch all the way through and the score was tied, with Harlow safe. Davis was going strong and the game was very much in doubt. Each time Unadilla got a run Oneonta would secure one in its half and thus the game was going.

The features of the abbreviated game were mostly staged by the visiting outfit, although Hatch made a nice run and a catch of a fly. In the field, Gilmore was the star performer. He stole a hit from Hatch in the first inning, and kept a run from coming in, when he made a grandstand stop with his bare hand of a ball over second base. Again in the fifth on Hatch's single, he went to the base and by throwing himself to the dirt and stretching out his bare hand he stopped the ball and doubtless again prevented Baird from scoring. Kinney made a hard long run into foul territory for the retirement of Sinsack in the fourth.

The first run and for the visitors came in the second when, with none down and all the bases showing the first sign, Eckstein, imported from Ontario, poked one over the fence. Their next came in the fifth, Kinney singled across the box, to the left of second into center, went to third on Davis' double to right and came home when the Oneonta fielder made a bum peg of the ball to the infield. Gilmore singled to left in the sixth, and was out at second trying to stretch it to a double. Up came Eckstein and hit to deep right for a homer, when the ball became lost for a few seconds.

The locals tied things in their portion of the second. Byrnes singled to center. Farrell laid down a bunt to Davis, who threw to Saffenberg at first, but the latter let the ball drop. Harlow also tried to sacrifice, but everyone was safe on a bunt hit. Sinsack put an easy fly into Saffenberg's hands, but the fielder let it drop; however, the man was out on the infield fly rule. Scanlon put a foul fly to Boyla. Baird was hit by a pitched ball, forcing in Byrnes. Saffenberg's fly was too high and the inning was finished.

They tied again in the fifth. After one had been disposed of, Baird got a hit, went to second by a free pass granted to Steffen, to third on Hatch's infield hit and scored on Hermann's sacrifice fly, each of the other two runners moving up a peg. Byrnes hit an easy aerial offering to Saffenberg, which he held this time.

Oneonta didn't have a very long sixth inning. Farrell fanned. Harlow was safe on Gilmore's error and stole second, taking third on Boylan's wild heave to second. Sinsack was passed and had staged a delayed double steal with Harlow when the accident to Boylan occurred.

The Bonackers of Albany will be here this afternoon.

Nick Altrock, the "slow" of the Washington baseball club, has a new one. Late in the season though it is, he found it too good to keep. He plays he's a traffic policeman. The act requires special paraphernalia, as shown.

### BABE RUTH EQUALS HOME RUN RECORD

Has 21 More Games to Go; Clouded Out 54th at Philadelphia Yesterday

Philadelphia, Sept. 9.—Babe Ruth today equalled his world's record of 54 home runs for the New York Americans in the fourth inning against the Philadelphia Athletics. The Yankee slugger established the record on September 29, last year.

Ruth's homer was probably the greatest drive ever hit at Shibe park. The ball sailed high in the air into deep left center and cleared the Somerset street wall of the park, cutting through a tree growing on the curb. Peckinpah scored ahead of him. The Yankees made six runs in the fourth inning.

New York, Sept. 9.—Babe Ruth has 21 more games this season in which to try to beat the world's record of 54 home runs made by himself last year and equalled today at Philadelphia.

Judging by the pace the home run king has been setting in recent games, he will easily surpass the old mark, and may satisfy his ambition to knock out 60 homers.

His driving this year has been steady. In April, he made five; in May, ten; in June, 13; in July, 10; in August, 10, and in September so far, 6. His best month last year was July, in which he connected for 13.

On six occasions during this season, he has collected two in one day. Last year, he made two in a day nine times, and once batted out three in a double header with Washington.

### CHARLES PADDOCK IS SPORT

World Sprint King, With "Honors Enough" Declines to Become Captain of Team.

Charles W. Paddock of the University of California, whose record-breaking work during last spring established him as the world's greatest sprinter, declined to become captain of the university's 1922 track team.

"I've had trips to Belgium and Paris and England, and jaunts to the East," Paddock said in declining the honor.

Charles W. Paddock.

"I've been showered with honors—more than enough for one man. The other fellows should have a chance. So I'm going to vote for Bill Isenbauer."

So, Bill Isenbauer, sprinter and quarter miler, was elected captain of the 1922 track team.

Two base hits—Davis. Home runs, Eckstein, 2. Sacrifice hits—Steffin, Farrell, Eckstein, Hermann. Struck out—by Davis, 3; by Scanlon, 4. Bases on balls—off Davis, 3. Hit by pitched ball—by Davis, (Baird). Umpires—Beane and Van Wile.

### Baseball Notes

Fred Mitchell's crew can certainly sock the well-known horsahide.

Rube Benton, left-handed pitcher, has been recalled by the New York Nationals.

Mexico has gone in for baseball. No use quibbling, we will have to recognize that country.

Waterbury has transferred Catcher George Army to the Petersburg club of the Virginia league.

The New York Americans have protested the use of Pitcher Cliff Harkie by the Cincinnati Reds.

Old managers say there is too much silence in the infield of the Yankees to win a championship.

It seems to be the general verdict that, while baseball is the national sport, gambling is something else again.

Rochester has recalled Catcher Fred Ross from Petersburg of the Virginia league and transferred him to Flint of the Mint league.

For the first time in several weeks word comes from Christy Mathewson. It is that he is still at Saranac Lake and still making physical progress.

Frank Shaughnessy finally decided to accept the offer of Syracuse to manage the Stars and Tommy Madden was thereupon given his release.

The baseball library of the late A. G. Spaulding was recently given to the New York Public Library by his widow, Mrs. Elzabeth C. Spaulding.

Paul Sherman, pitcher for the local American Association league baseball team was traded to the Milwaukee club for Jake Northrop, pitcher. The trade was an even one.

Billy Southworth is captain of the Boston Braves. The former Pittsburgh outfielder is putting plenty of pep into the crowd and they displayed a world of aggressiveness.

President Mike Cantillon is enthusiastic about the young talent in the Dakota league and predicts the league will graduate more players this fall than any league of its class.

A recent batch of decisions from the office of Commissioner Landis show reinstatement denied to Harvey Sutherland, John Shovelin, Norman Pitt, Joe Letter and Edward B. Kelley.

Berlin chess players want Dr. Emanuel Lasker, former champion, to meet Jose Capablanca again.

John H. Haseman, Jr., New York, has been elected president of the United States Amateur Chess association.

Carl Fisher became the Middle Atlantic States tennis champion by defeating Dr. P. B. Hawk in five sets at Philadelphia.

William T. Tilden, second, will return to Wimbledon, Eng., next June to defend his title as British singles tennis champion.

A. G. Hill, England's great miler, set the record in that country at 4 minutes 13.45 seconds, the fastest championship mile.

New college stadiums in course of construction include Michigan, Vanderbilt, California, Stanford and University of Kansas. Michigan's is being enlarged.

### MIDDLEMEN

According to the check-up on the fans who witnessed the "Fight of a Century" at Tex Rickard's bowl July 2, 90,000 fans paid \$1,650,000 to gain admittance.

But that was a small item as compared with the total of what these 90,000 paid.

Railroads, hotels and food houses went into the fans' pockets for an average of possibly \$100 to \$150 per.

That makes a layout of more than \$8,000,000. And they spent it all for just 10 minutes and 18 seconds of mulling.

But it was worth it—to a fight bug.

### Sunday Meetings in Meredith.

Meredith, Sept. 9.—Rev. Clarence A. Barbour, D. D., who will be heard in the Meredith church next Sunday evening, is accounted one of America's greatest preachers. For many years he was pastor of the Lake Avenue Baptist church in Rochester, where he won a notable success.

Dr. Barbour is now president of the Rochester Theological seminary and is one of the most sought after speakers to schools and colleges in this country. His subject on Sunday night is, "The Shadow of a Man." It is a great sermon preached in Meredith by special request.

### STICKS IN FIRE HYDRANT

Boy Is Held Prisoner by Suction Half Hour—Six Firemen Work to Free Him.

New York.—The Dutch boy who plugged up a hole in the dyke with his hand and saved Holland from flood was a prototype of five-year-old Davey McCuskey of Harlem. Davey's arm got stuck in a fire hydrant for half an hour before six firemen took the hydrant apart and freed him.

Davey and some chums found the cap of the hydrant loose and unscrewed it. Davey shoved his left arm in up to the shoulder. When he tried to withdraw it he couldn't, because of the suction. He didn't even whimper while being rescued, and the firemen shook hands with him and called him a "game little kid."

But McCuskey, Sr., happened along, and Davey's reward was different from that of the Dutch boy.

### ONE X-RAY MENACE UNREAL

Rays Not Likely to Injure Persons in Adjoining Rooms, Says Report.

Paris.—X-ray laboratories have been found to constitute but slight if any danger to persons in adjacent rooms. A report to the Academy of Medicine held that modern appliances and conditions generally existing in X-ray rooms sufficiently protect all but the operators.

The report was prepared by a commission after recent reports to the Academy that X-rays were a serious menace to people in buildings housing laboratories. It was contended that the rays would penetrate walls with force enough left to cause serious injury. This contention was found by the commission to be ill founded.

### Steals Baby's Bathing.

The extraordinary durability of the ancient mummy cloth is believed to be due to the fact that it was finished with vegetable blue derived from the African locust-bean tree.

## NEW NATION OUT OF OLDEST LAND

Supposed Site of Garden of Eden Included in Territory of Kingdom of Irak.

### SLICE TAKEN FROM TURKEY

Under British Mandate and Arabian Rule the Section, Better Known as Mesopotamia, Is Expected to Regain Former Glory.

Washington.—The impending addition of a new member to the family of nations—the kingdom of Irak, to function under a British mandate—is mentioned in recent dispatches from London. How this "new" country is in reality one of the oldest and most historic patches of the earth's surface is told in the following bulletin from the Washington headquarters of the National Geographic society:

"Irak has existed as a geographical name for ages," says the bulletin, "but in recent centuries it has had little more official sanction than 'Mauritania' for the American metropolis of 'Paris' for a thriving Pacific port. Yet it covers more or less indefinitely a region known, and often famous, in every age of man from the dawn of tradition to the present—the fertile plain of the Tigris and Euphrates valleys, where the Garden of Eden is supposed by many students to have been situated. Strip Irak of its allies; call it Babylon—Ninveh—Mesopotamia, and it is known to every school child.

### A Slice of Turkey.

"The country which it is proposed to erect into the practically independent kingdom of Irak was placed under the mandate of Great Britain on the breaking up of the Turkish empire following the World war, and was generally spoken of as 'the mandate for Mesopotamia.'

"It is difficult to exaggerate the agricultural paradise that might be built up in the lower valley of the two rivers, supplemented by the mineral wealth taken from the regions farther north. If the country were under a strong government, were peopled by alert, educated inhabitants, and if the necessary capital and modern machinery were available. Even with the factors as they are, the British, who will continue to hold the mandate, and the Arabians who will be in immediate charge of the government, are counting on the rise of a state which may be compared without disadvantage with some of the great governments that have occupied the land in the past.

"To gain an idea of what wonderful development can be brought about in Mesopotamia one need only look into the past. At the beginning of history the plain of the Tigris and Euphrates was a garden-spot teeming with a well-fed and wealthy people. If there was a 'grandeur that was Greece and a glory that was Rome' there was as truly a splendor that was Babylon. And the splendor of Babylon was made possible 6,000 years ago largely by the wealth that sprang from the intensive cultivation of the river plain under a gigantic system of irrigation which even the most ambitious modern systems probably have failed in many ways to surpass.

"Babylon's agricultural Utopia was not a short-lived affair, but continued for nearly ten times as long as the period which has passed since white men settled in America. The country thrived with only minor interruptions under Babylonians, Assyrians, Chaldeans, Greeks and Romans. But always the settled civilization of the agriculturists was threatened by the turbulent hill people to the north and east. Finally the Parthians captured the country and were followed by the Persians. Under these more barbarous rulers the great irrigation systems, even then much less efficient than during the golden age of Babylon, rapidly deteriorated.

### Splendid, Gay, Wicked Bagdad.

"Under the Abbasid Caliphs, with a combination of Arabic and Persian culture, Bagdad was founded on the Tigris in the very center of the river plain—the splendid, gay, wicked Bagdad of the Arabian Nights. Mesopotamia's prosperity, though much less, was still relatively great, and Bagdad was, for awhile the metropolis of the world. Its inhabitants at one time numbering 2,000,000 souls.

"When the Turks got possession of the Caliphate and carried its seat to the west, Bagdad withered; and under Turkish rule the Tigris and Euphrates valley entered into its darkest period. Only a small percentage of the rich valley has for generations produced any crops.

"After the Young Turks came into power in 1908 reclamation work was undertaken in the Tigris and Euphrates plain and some headway was made. Since the British occupied Bagdad in 1917 this work has been carried much farther.

"It is planned under the new Arab state and the mandate to continue the work of rejuvenating the country's ancient irrigation system. But there is a Herculean task to be accomplished before 'the Garden of Eden' blossoms again. It was estimated before the World war that the ambitious project of the Turks to reclaim 3,500,000 acres would cost \$130,000,000. The total area that might be irrigated is placed at about 12,500,000 acres."

## IS HERMIT 33 YEARS

Man Visits City for First Time and Sees First Woman.

Swift Change Comes and He Immediately Sheds His Whiskers and Buys Store Clothes.

Omaha.—Tracy Gillis, older than Brigham Young when he took his third wife, has just let his eyes first see a woman. He also has had his first remembered view of a railroad train, a street car, a daily newspaper and a fiction magazine.

Upon seeing a woman for the first time, Gillis visited a barber shop and had his long hair cut and his face shaved.

Gillis is thirty-three years old. He was born in Chicago. His mother was an actress and his father a disciple of Moody and Sankey. But for a third of a century father and son, their Bible open to the chapter which tells of John the Baptist dwelling in the wilderness, have lived alone on a western Nebraska ranch 40 miles from railroad, with no stranger stopping within its fence posts.

George Willis, the father, died recently, two years short of the fourscore and ten which he believed that had been promised to him. Tracy, the son, buried the body on the ranch and went on with his farm work. Today he came to Omaha on his pioneer journey with a load of cattle.

According to the young man's tale, the older Gillis trafficked, with his neighboring farmers only on their property and never on his own, for fear his son's ears should pick up hints of civilization. The father fled to the West with his son to save him from the dancing, singing actresses in Chicago's old Haymarket theater.

"A devil lurks on every city street corner, father taught me," Tracy Gillis said today. "He told me the sad story of my mother and warned me to avoid all sinful men."

With the money from the sale of his cattle Gillis changed his home made garments for a suit of store clothes. He also bought a safety razor, a tube of tooth paste and two silk neckties. He is willing to admit that one glimpse of the city has demoralized him. In his plans for the future, which include continued residence on his secluded farm, he mentions a wife and a course in agriculture.

## LOCAL EDITORIAL MENTION

### Concerning Community Chest

Readers of The Star of yesterday  
no doubt perused with interest the  
article on the proposed Community  
chest which appeared on the sixth  
page of that issue. The proposition in  
effect is that a managing body shall  
take over the financing of the im-  
portant social organizations of the  
city by means of solicitation of single  
contributions by individuals or cor-  
porations, the funds thus raised to be  
apportioned among these social or-  
ganizations as their needs are shown  
in statements by them to be submi-  
tted. This, it is believed, would elimi-  
nate many individual drives and per-  
sonal appeals through the year.

Unquestionably the movement has  
much to commend it, particularly on  
the part of business and professional  
men who are perhaps the most fre-  
quently solicited; yet it has been sug-  
gested that there are other points of  
view which should have consideration  
before the matter is definitely decid-  
ed. There are many citizens who  
prefer to make individual distribution  
of their allowance for charity or for  
social and community betterment,  
rather than delegate the appointment  
to general or special commit-  
tees. It is not asserted that their idea  
of distribution is better; perhaps it  
might not be so good, but at  
any rate they believe that it would  
carry with it such personal interest  
as could not be expected if the work  
were delegated and the individual re-  
lieved of responsibility beyond the  
mere payment of a sum at fixed in-  
tervals. Unquestionably it is an im-  
portant thing that the giving spirit,  
the sense of personal obligation for  
good to his brother and person-  
ally to share in his afflictions and  
bear some part of his burdens should  
not be diminished; and whatever may  
be done with the Community chest  
proposition, this awakened spirit of  
sympathy should not be permitted at  
any time to slumber.

As earlier stated, there is need for  
careful consideration of the propo-  
sition; and this need must be given  
to the question of the value of  
regular and systematic social work  
by trained and paid workers. It is  
a necessity if good work is to be ac-  
complished; but the question which  
has been raised is whether more good  
could be accomplished under one gen-  
eral head for the entire city, than  
if each group in the working out of  
its plans and budget had greater lib-  
erty of action.

Work of the Auto Club  
On Broad street at about half past  
ten o'clock yesterday morning there  
were by count twenty-nine motor  
cars standing or parked between  
Main street and the union station.  
Of these there were three which  
had on them emblems indicating that  
their owners were members of some  
automobile association. One of these  
was of an Ohio club, one of the A.  
A. A. and the third of the Oneonta  
organization.

It is perhaps proper in view of this  
showing to suggest that owners of  
cars in this city and elsewhere, and  
particularly in Oneonta, might well  
take more interest in the work of the  
clubs and manifest it by making ap-  
plication in larger numbers for mem-  
bership. The Oneonta club, like others  
in other sections, charges but a small  
sum for membership. It provides a  
magazine for each member, a club  
emblem, a map of the state, and it  
pays, as does also the state associa-  
tion of which it is a branch, a definite  
sum as a reward for the recovery of  
the cars of members when stolen, and  
when information regarding  
tours in or out of the state is de-  
sired, it secures it promptly if it is  
not at hand. Moreover it keeps watch  
of proposed legislation, either bene-  
ficial or detrimental.

In addition to these things, the  
Oneonta association has paid out con-  
siderable sums for keeping the roads  
open in case of severe winter storms,  
and the coming winter it hopes to  
have sufficient sums in the treasury  
to meet any ordinary demands for  
this work. To do this a larger mem-  
bership is desirable, and it is evident  
from the little census of yesterday  
and today, observation which any car  
can be made on the streets that there  
are many who are not members of  
the club who should be. Doubtless  
in many instances they have never  
been asked to cooperate in the work  
and it needs but this suggestion to  
bring them to the office of the secre-  
tary in The Star office. As for present  
members, they might also take a  
special interest in the work by ob-  
serving the cars of others which are  
not provided with emblems and sug-  
gesting the advisability and the benefit  
of membership.

Skinner-Rogers Reunion.  
The annual reunion of the Skinner  
and Rogers families, which was held  
at Rockdale, Conn., yesterday on  
Labor day, proved to be a great suc-  
cess. Over 60 were present. There  
were guests from Sidney, Sidney, Con-  
necticut, Oneonta, Franklin, Harpersville,  
Guilford, Afton, Mt. Upton, Norwich,  
Binghamton and Rockdale. After  
dinner was served a short business  
meeting was held, and the following  
officers were elected: Mr. Fred Burns,  
Binghamton, president; Miss Helen  
Skinner, Rockdale, secretary; Mrs.  
Skinner, Rockdale, treasurer; Mrs.  
Perry Rogers, chairman of table com-  
mittee, and Mrs. Fred Burns, Binghamton,  
chairman of entertainment  
committee.

After the business meeting was  
over the remainder of the day was  
spent in music and singing. A very  
interesting letter was read by Mrs.  
Everett, and a social good time was  
had by all. It was voted that the next  
reunion would be held at the Grand  
hall on Labor day, 1922.

Alaskan Hopes.  
It took a receding tide in Alaska to  
reveal a few quarts left behind and  
we trust the discovery will not have  
been wholly in vain. — [Lowell Court-  
ier-Citizen.

## CANDIDATES FOR PRIMARIES

Names to Be Found on Republican  
and Democratic Ballots in City and  
County — Prohibition and Socialist  
Ballots Blank.

Voting will not be a difficult matter  
in the city of Oneonta at the primary  
election next Tuesday, since with a  
single exception, there is but one can-  
didate for each party position printed  
on the ballot; and it will not be dif-  
ficult outside the city, since there is  
but one candidate for each party po-  
sition, without exception. Therefore,  
unless the voter decides to exercise  
his undoubted privilege of writing in a  
name, he will not balance long be-  
tween candidates in making choice.  
The one exception is on the Republi-  
can primary ballot in the first super-  
visory district of the city of Oneonta,  
where there are two candidates for  
the office of supervisor. Though all  
the names of supervisors and alder-  
men are herewith printed, voters of  
course understand that the names of  
only one supervisor and one alder-  
man appear on the ballot which they  
will receive. The entire list of candi-  
dates is as follows:

### Republican County Ticket.

Julian C. Smith — Member of As-  
sembly.  
Melvin Eames — Supt. of Poor.  
Norman W. German — Coroner.  
G. A. Sloan — Coroner.

### Republican City Ticket.

Andrew E. Capersley — Mayor.  
Frank C. Huntington — City Judge.  
Charles H. Bowditch — City Cham-  
berlain.  
J. Henry Potter — Assessor.  
Lynn B. Murdoch — Assessor.  
William P. Abbott — Constable.  
Stephen A. Kimball — Constable.  
William H. Hoffman — Supervisor.  
1st district.  
Morris Ackley — Supervisor, 1st  
district.  
George L. Rockes — Supervisor, 2nd  
district.  
Ray F. Howland — Supervisor, 3rd  
district.  
Clarence H. Condon — Alderman,  
1st ward.  
Clifford R. Morris — Alderman, 2nd  
ward.  
Bernt C. Lauren — Alderman, 3rd  
ward.  
W. Irving Bolton — Alderman, 4th  
ward.  
James O. Coy — Alderman, 6th  
ward.  
Walter F. Tarnett — Alderman,  
6th ward.

### Democratic County Ticket.

William Peabody — Member of As-  
sembly.  
Door Gardner — Supt. of Poor.  
Edward J. Parish — Coroner.  
H. L. Crutenden — Coroner.

### Democratic City Ticket.

Clarence C. Miller — Mayor.  
George L. Gibbs — City Judge.  
Charles H. Bowditch — Chamberlain.  
Chauncey C. House — Assessor.  
Clifford W. Stillman — Assessor.  
Leon S. Moore — Constable.  
Adon L. Cook — Constable.  
William G. VanDeusen — Supervi-  
sor, 1st district.  
Lewis Westcott — Supervisor, 2nd  
district.  
George W. Ellis — Supervisor, 3rd  
district.  
Fred Wolcott — Alderman, 1st  
ward.  
Fred L. Thayer — Alderman, 2nd  
ward.  
Glenn A. Dockstader — Alderman,  
3d ward.  
James J. Hurley — Alderman, 4th  
ward.  
Harold R. France — Alderman, 5th  
ward.  
Edward F. Derry — Alderman, 6th  
ward.

There are also on the Republican  
and Democratic ballots names of can-  
didates for county committeemen,  
and also for delegates and alternates  
to the state conventions. There are  
no nominations of any kind for Prohi-  
bition or Socialist candidates, and  
accordingly their ballots are printed blank, save  
as to the titles of positions.

## ROOT WILL PARTICIPATE

Former Secretary of State Will Have  
at Least Informal Part in  
Disarmament Conference.

Washington, Sept. 9. — At least in-  
formal participation by Elihu Root in  
the disarmament limitation conference  
today appeared assured as a result  
of conferences between the former  
secretary of state and President Har-  
ding and Secretary Hughes.  
Mr. Root, whose name has been sug-  
gested frequently in connection with  
the American conference delegation,  
spent almost an hour with President  
Harding and later, after talking with  
Secretary Hughes, had lunch at the  
White House. He said that no sug-  
gestion had been made of his appoint-  
ment as one of the American repre-  
sentatives.

The former secretary of state, how-  
ever, said that he discussed with  
Secretary Hughes means by which the  
Carnegie endowment for international  
peace might assist and cooperate with  
the armament conference. Mr. Root  
is president of the Carnegie organiza-  
tion, whose offer of assistance, both  
of personnel and information in con-  
nection with the conference, was ac-  
cepted by Secretary Hughes several  
weeks ago.

## LYDD GEORGE HOPES TO

### AGAIN USE "PEACE PEN"

London, Sept. 9. — (By the As-  
sociated Press). — Prime Minister  
Lloyd George, it was learned today,  
told the messenger boy who recently  
delivered to him and the members of  
his cabinet a box of cigars from  
anonymous American tourists, as he  
signed the receipt:

"This is the pen with which I signed  
the peace treaty and I hope to  
sign the Irish agreement with it."  
The messenger boy brought back  
to the donors a letter from Lloyd  
George to "My Anonymous American  
friends," saying:

"It is genuinely helpful at a critical  
moment like the present to re-  
ceive this really delightful token of  
sympathy and good will from a group  
of Americans, and I trust we may  
succeed this year in founding lasting  
peace and harmony between the two  
great races which both have contrib-  
uted so largely to the life and history  
of your great republic."

## Hee Haw! Hee Haw! It Was a Draw

"They're off!" cried the crowd at the fair at Rhinecliff, N. Y. Mrs. Theodore Roosevelt touched her white  
mule with the lash and Mrs. J. Griswold Webb, New York society matron, urged her black mule forward.  
Down the stretch they "thundered" and the judge declared the race a dead heat, each driver having used  
the whip the same number of times, each mule having wiggled his ears in equal rhythm. The race is an an-  
nual feature of the fair.

## TOPICS OF CURRENT INTEREST

### "Workers" in Chicago.

The reports say that one of the  
items to which Judge Landis objected  
was that glaziers, under the proposed  
ruling should have a full day's pay  
for one hour overtime. A second was  
that a painter is not permitted to put  
in even one pane of glass, and a third  
that a journeyman plumber is not per-  
mitted to go to work by bicycle,  
motorcycle or automobile. Being paid  
from the time he leaves the shop to  
work on any job until he returns to  
the shop, the Chicago plumbers  
thought it was to their advantage to  
be a comfortably long time on the  
way. It is just such rules as these  
which are very generally objection-  
able and which the greater part of  
the rank and file of journeymen do  
not approve, but they follow their  
leader. These are the features which  
cause unfortunate criticisms and com-  
plaints. Just now it is represented  
that Judge Landis is in the bad books  
of those who invoked his service as  
an arbitrator. — [Springfield Repub-  
lic.

### Gambling in England.

Some 8 1/2 years ago, when discuss-  
ing the betting advertisement bill in  
this column, I wrote, referring to the  
great army of bookmakers, tipsters,  
card tricksters, and rogues who infest  
the race-courses of the country: "A  
very small proportion of these gentry  
may be passably honest according to  
their lights. The great mass of them  
are a menace to civilization, ready for  
any crime which promises spoil with  
a reasonable chance of safety. The  
police know them and look among  
them whenever they want to make an  
arrest. A man once a member of this  
class never does an honest day's work  
again as long as he lives. He is purely  
predatory." To what exactly  
we owe it that the manners of these  
classes in England are less openly hor-  
rid than those of the "gunmen" of  
New York or of the Apaches of Paris I  
do not know. But I am sure that no-  
thing would so strike at the roots of  
crime in our big cities as the removal  
of the ever-ready source of income  
supplied by betting to the criminal  
classes today. — [Manchester (Eng-  
land) Guardian.

### A Hint from the Squirrels.

Another sign of an early, severe and  
extended winter is said to lie in the  
fact that squirrels are already putting  
in their winter stores. Does that  
suggest anything with regard to the  
winter's supply of coal? — [Chicago  
Daily News.

### A Modern Science.

"Unemployment is a great problem."  
"It is," replied the radical agitator.  
"Unemployment by itself is easy  
enough to learn. The hard part of  
the proposition is to make it pay." —  
[Washington Star.

### Some Relief.

"I hear your next-door neighbors  
have a new organ. How many stops  
has it?"  
"About three a day — for meals." —  
[San Francisco Chronicle.

### "Ka-Klux Klan" Defined.

Klanism is simply lynch law orga-  
nized. The impulse of the impromptu  
mob is replaced by a deliberate policy  
aiming authority in dealing with  
social offenses. Its appeal is still to  
the love of adventure and in the  
primitive delight in mastery and  
cruelty. It is a much more pic-  
turesque organization than the more  
inclusive one of the body politic, to  
which the Klansmen as citizens belong.  
As a serious agency for law and order  
it confesses its own failure in citizen-  
ship. As a lawless mob there must  
be law enough — if not enough Euck-  
home — in most states to deal with it. —  
[Springfield Republican.

## LATEST VICINITY NOTES

### Happenings of Interest in Otsego and Counties Hereabouts.

The public school at Cobleskill  
opened Tuesday with a registration of  
340, of whom 240 were of the high  
school and training classes.

A record was made by Collins Hor-  
ton at Summit Lake last Saturday at-  
ternoon, when he swam the length of  
the lake six times, equivalent to 4 1/2  
miles, without resting or leaving the  
water.

Abraham S. Coons, an aged resident  
of Preston Hollow, who served in the  
Assembly for 7 consecutive years,  
dropped dead in front of his home on  
Wednesday afternoon. He was 70  
years old. His wife was Miss Addie  
Russell of Broome township, who is  
the sole surviving member of his family.

F. E. Snyder, a Union college stu-  
dent residing at Cobleskill, has re-  
turned from a canoe trip of 350 miles,  
in the course of which he passed  
through Champlain canal and Lake  
Champlain, and numerous streams of  
Canada, returning home by way of  
the Thousand Islands to Ogdensburg,  
where his water journey ended.

Buck deer thieves have recently  
been operating extensively in the vil-  
lage of Cobleskill. The latest attempt  
on their part was at the A. and P.  
store on Thursday last week, where  
they broke a lock, but on account of  
the bar inside, were unable to enter.

After being deadlocked for three  
months in an effort to elect the school  
superintendent for the third district  
of Schoharie county, Ralph W. Eld-  
ridge has been chosen to succeed him-  
self.

The Hotelmidfield and Berkley-Walton  
hotels at Richfield Springs have  
closed for the season, but many guests  
have been removed to smaller hotels for  
longer stay. The Fuller remains open  
until September 25, and longer if  
business warrants.

The Cooperstown Union and High  
school opened on Wednesday with 215  
pupils registered in the High school.  
Of these, 102 were nonresident stu-  
dents, representing 5 towns in the  
county.

It is announced that the next annual  
tournament of the National Archery  
association will be held next summer  
at Cooperstown. It is planned to  
make it an event of international affair,  
with archers present from England.

Mr. and Mrs. Charles Russell of  
Meridale have issued invitations for  
the marriage of their older daughter,  
Dorothy Mae, to Arthur Burns Wilson  
of Franklin, the marriage to take  
place on Saturday evening, September  
17.

The lumber business is resuming at  
Downsville, where the U. A. Warren  
mill has about 200,000 feet of hard-  
wood and hemlock to saw.

The reputation of the Delaware &  
Northern railway for financial em-  
barassment has apparently not  
reached all the burglers of the coun-  
try. Thieves entered the station of  
the company at Margaretville on Sun-  
day night, and stole the safe, carrying  
it away. In it were valuable papers,  
but not very much money.

A rod and gun club has been orga-  
nized at Treadwell with a goodly mem-  
bership. W. C. Mitchell has been  
elected president.

The officers of the Electric company  
at Roxbury have secured most of the  
light of way from Grand Gorge and  
contractors are setting poles. It is  
expected that light will be furnished  
in another week.

The Franklin Insurance company  
has levied assessments of \$3.50 a  
thousand on its policy holders, being  
the largest assessment made in several  
years. This is to cover several losses,  
including the Walter Payne barn  
valued at \$3,375.

The total enrollment in Chenango  
county for Primary day is about 14,-

## WALTON FAIR CLOSES

Gate Receipts \$700, in Excess of Those  
of Last Year—Good Racing Marks  
Last Day.

Walton, Sept. 9. — The Walton fair  
closed its most successful season to-  
day with a good attendance. The to-  
tal gate receipts this year were \$700,  
in excess of those of last year. In  
practically every department the fair  
surpassed that of last year.

The races this afternoon were the  
main attraction. The results were as  
follows:

2:15 Pace or Trot.  
Special Parole, W. H. Wheeler, Star-  
ford ..... 1 1 1  
Richman, George Tingley, Afton 2 2 2

and the remainder Democrats, Prohi-  
bitionists, and Socialists. There are  
very few of the latter, however.

The question of merging five school  
districts located in the town of Ex-  
periance and forming a high school dis-  
trict has been dropped on account of  
strong opposition to the plan.

St. George's lodge of Masons at  
Schenectady celebrates the 147th  
anniversary of its founding on Sep-  
tember 14th. A feature of the pro-  
gram will be the presentation of gold  
medals to 8 Masons who have been  
members for 50 years continuously.

# PAIGE

The Most Beautiful Car in America

## Why They Choose the Paige

Since the first of the year more than 25 per cent of our  
sales have replaced cars of much higher price.

Buying habits have changed. Men who can afford five  
and six thousand dollar cars have developed a canny  
shrewdness. They have learned that peak price no  
longer guarantees peak performance or maximum value.

This conviction is brought home to them when they  
compare the Paige with the cars that carry the biggest  
price tags. Power, endurance, comfort, beauty and  
economy—in any and every test the Paige 6-66 is  
triumphant. That is why discriminating buyers are  
choosing the Master of the Highway as the greatest  
value on the market today.

A special directory of rooms to rent for fair week is being compiled by the Chamber of Commerce. All those having rooms available for visitors during the week of the fair, September 19 to 23, are requested to telephone 326, giving information as to the number of rooms, the price asked per day or per week with or without breakfast or other meals, and preference as to men, women or married couples. Miss Blanche E. Rowe, assistant to Secretary Hicks, has charge of the directory.

## IN THE REALTY FIELD.

Recent Sales Made Through Local Agency Involve Valuable Properties. Recent sales in the realty field made through the H. M. Bard & Son agency involve several valuable pieces of property in Oneonta and vicinity. Mrs. Mary Doherty, formerly of New York city, who has been summering at Oneonta, has bought of Francis and Ida Hester, who own at 80 Ford avenue, James Lewis, who at present lives at the latter address, has moved with his family to rooms he has rented at 36 West End avenue. Antonio Fenochiaro and two other men from Bloomfield have purchased the property at 49 Main street of Louis Wallace. Later in the month Mr. Fenochiaro will move his family here and occupy the residence. The purchasers will use the house for the business project they intend to start here.

Mrs. Phoebe Brownell recently sold her residence at Schenectady to George Lovell, cashier of the Schenectady bank. Mrs. Brownell is to turn purchased of Mr. Lovell a lot in that village on which she is erecting a bungalow. Stanley Jones has sold his property at 35 London avenue to H. M. Bard & Son. He has already vacated the property and plans soon to move to Schenectady where business makes it more convenient for him to reside. The property is undergoing extensive repairs and will later be for sale.

## STREET DANCE FAIR WEEK.

Italian-American Citizens Club Plans Series of Street Dances. As a means of raising funds for their fraternal building which is to take place Columbus day, the Italian-American Citizens club of the city will hold a street dance at Main and Elm streets on the nights of Tuesday, Wednesday and Thursday of fair week. Arrangement has been made whereby the club and the Company G band, which is to furnish music will benefit jointly from the proceeds. Mayor Andrew E. Capen has given his consent to the club for the use of the Main and Elm street corner. This has been chosen as the most suitable place for the dance. It is planned to sell refreshments and otherwise provide a good time for those who dance. They hope to get a substantial sum from the street dance so as to insure an elaborate display of fireworks October 22. Negotiations are pending that if carried through will provide a big time Columbus day. It is expected that one or two prominent men will be here as speakers. Contracts will be made with two fireworks companies so that an excellent display will be assured.

## P. H. C. Picnic.

Fifty members of Oneonta Circle, No. 245, Protestant Home Circle were present at the picnic held yesterday at Nehalem park. Picnic supper was served at 5:30 o'clock, after which all joined in playing games, dancing and other entertainment. At the close of the picnic the members adjourned to the B. E. T. hall where the regular meeting was held. One of the speakers at the meeting was District Deputy E. P. Bacon of Elmhurst. Mr. Bacon was here in the interest of the Home Circle, for which initiation will be held at the first meeting in October.

## DELBERT R. DECKER INJURED

WELL KNOWN CATTLE DEALER HIT BY MOTORCYCLE NEAR ENMONS YESTERDAY.

Taken to Fox Memorial Hospital—Fenced That Amputation of Leg May Be Necessary—Oneonta Young Man Drove Motorcycle.

Delbert R. Decker, of 30 Gilbert street, had his leg broken and severely injured when he was struck by a motorcycle on the state road near the Enmons homestead shortly after 11 o'clock yesterday morning. William M. Palmer of 37 Rose avenue, driver of the motorcycle, and his brother, who was riding in the side-car, suffered minor injuries. All three were taken to the Fox Memorial hospital. It was feared last night that amputation of Mr. Decker's leg might be necessary. The accident took place about midway between the Enmons and Palmer farms. Mr. Decker stood talking to Irving Nichols, whose truck faced in the direction of Colliers and was standing well out at the right side of the road. Another machine, owned by J. H. Georgia of East Worcester, was standing still further out of the road but facing in the direction of Oneonta. The motorcycle approached at a rate estimated by Mr. Palmer at not over 25 miles an hour. As he came near the machines witnesses say that he apparently lost control of his machine. The side-car, first owned by J. H. Georgia, was struck by the motorcycle and then the machine veered towards the truck and struck Mr. Decker. The motorcycle and side-car turned over twice throwing the Palmer brothers out.

Mr. Decker had been earnestly engaged in conversation with Mr. Nichols so that he was not fully aware of the approach of the machine. The men in the touring car shouted to Mr. Decker to look out when the motorcycle struck, their machine but their warning was too late for him to heed. The side car of the motorcycle struck Mr. Decker's left leg just below the knee jamming it against the running-board of the truck. He had been with his right foot on the running board of the truck so that that leg was not injured. Besides a fracture of the bone it was severely bruised and cut so that it bled freely.

Mr. Decker and the Palmer brothers were placed in Mr. Georgia's machine and hurried to the Fox hospital. The brothers had their wounds dressed and were able to leave the hospital after injuries not proving serious. Dr. Arthur W. Cutler was called to attend Mr. Decker. Although every effort will be made to save the leg it was feared at the hospital last night that its removal may be necessary. Needless to say it is very painful. In explaining his motive for stopping on the left side of the road Mr. Decker said that he thought he was Decker and Mr. Nichols were having trouble with their machine and he thought he might be able to assist them. For that reason he pulled in behind the truck and backed far out of the road. He was accompanied by W. W. Smith and James O. Van Buren of East Worcester.

In reporting the accident at police headquarters Mr. Palmer said that perhaps he lost control of the machine. Mr. Decker is very well known in this section, his business being that of buying and selling cattle. His many friends will wish him a speedy recovery.

## BUICK'S FOUR CYLINDER LINE

Four New Models Received by R. W. Hume, Local Distributor, and Now on Display—Some of Their Attractive Features.

Announcement is made of the presentation before the motoring public of Buick's new four-cylinder line, a carload of which was received on Friday by R. W. Hume, the Buick distributor for this territory. They are now on display at his show room at 144 Main street and will no doubt attract the interest of many motorists. In motor construction Buick has adhered to the valve-in-head principle with which its name has been so prominently connected for twenty years. The cylinder bore is 3 1/2 inches. The motor develops between 25 and 40 horse power and will deliver up to 50 miles an hour with ease. Features of motor construction are the large three-bearing crankshaft and 12-inch long connecting rods, extra long rods being provided to reduce vibration to a minimum. A circulating splash oiling system gives automatic lubrication throughout. Another important feature, which is standard equipment on all Buick cars, is the automatic carburetor heat control through which ideal vaporizing conditions are obtained.

The transmission is of the selective sliding gear type three speeds forward and one reverse. The universal joint is of standard Buick construction being actually an integral part of the transmission and automatically lubricated from the transmission. The clutch is of the multiple disc dry plate type, built in exact accordance with the principles which have guided clutch construction in Buick since all moving driving parts are enclosed.

Front axle of the four-cylinder car is an I-beam forging. The rear axle is three-quarter floating type, all the weight of the car being carried on the axle tubes and only driving torque and steadying of the wheels being taken by the axle driving shafts. The third member is of standard Buick type of construction designed successfully to eliminate all twisting or weaving in the rear axle.

Wheelbase on all models is 109 inches. The front springs, semi-elliptic type, are 36 inches long, and the rear springs also semi-elliptic, are 55 1/2 inches long.

Cord tires are standard equipment on all models. These tires, which are 31 x 4 are the first straight side cord tires in this size, ever manufactured and were built especially to meet Buick requirements for the new four-cylinder line.

The chassis is lubricated with the high pressure Alconite system. Delco starting and lighting system is standard equipment. All models are complete with tire carrier and extra rim and all are equipped with non-glare headlight lenses.

Shipping weights of the four models are: Roadster, 2310 pounds, touring car 2380 pounds, coupe, 2430 pounds, sedan 2650 pounds.

Prices of the four factories at Flint, Mich. are: Roadster, \$325, touring car, \$375, coupe, \$475, sedan, \$1,450. For Sale—174 acres near this city, good buildings, running water, large quantity of timber, wonderful spring-watered pastures, 20 cows. Price \$10,000. \$1,500 cash, easy terms. Campbell Brothers. Adv. 14.

## WEIDMAN MURDER SUSPECTS.

Statement of Nat Mayer Regarded as Impugning Verdict of Hayward Willows Barre, Pa. Sept. 9.—Nat Mayer, son of Jerome Mayer of the Public Square Jeweler, who was robbed of \$4,000 in currency and \$2,500 in jewelry on Saturday, said today that his father was not in Scranton on the night of the murder of Harry Weidman of Oneonta. George E. Hayward, held in Syracuse in the theft of an automobile in Philadelphia, is alleged to have said that Mayer was in Scranton on Saturday night.

Gaffney of Syracuse and Jack Smith, alias Walter Smith or Walter Harvey, a short time before Weidman was murdered. Mayer's statement is regarded as a reflection on the veracity of the entire confession of Hayward, who had told of the Philadelphia theft and of conversation of the gang with Weidman in the hotel, where he said Weidman produced a large amount of money.

Hayward in his statement to Syracuse detectives said that on the night he and Smith were seen in the Lackawanna hotel which Weidman visited with a satchel containing \$12,000. Gaffney also was present, and that the three had planned to rob the man, whom Gaffney later is alleged to have held up in Willows Barre. Pa. The same night, but the robbery plans were frustrated by the hotel clerk, who ordered Gaffney out of the place when the latter attempted to steal up stairs.

Hayward asserts that after Weidman left the Lackawanna hotel he never saw him again and knows nothing concerning his murder. He said that when Weidman left the hotel he carried the bag but left the \$12,000 in the hotel. As he drove along a patrolman noticed him and also noticed another automobile with two men in it, following close behind. At his garage Weidman was stopped by the two men, who followed him.

He made a grab for his bag which held a revolver and as he did the two men were fired into his body. The two men jumped into their automobile and disappeared.

According to the Pennsylvania police this automobile bore the license plate by which Hayward was traced to Syracuse. And the descriptions of the two men who occupied the car, according to the Pennsylvania police at Hayward and the mail Jack Smith.

## COMMUNITY MEETING PLANNED

Familial Social Work Association to Start Drive for Members Next Friday.

Next Friday night in the Municipal hall there will be a meeting of citizens for the purpose of increasing the interest in the activities of the Familial Social Work association in the city. Miss Hilda K. Mills field secretary of the American Association for Organizing Family Social work, will be the speaker of the evening. Miss Mills has had a great deal of experience in organizing successful social work organizations in many cities in all parts of the United States, so she is well qualified to speak on the subject.

The primary purpose of the meeting will be to get new members of the local association. Those interested in the work of the city have felt the necessity of having many citizens' interest of the aims of their organization. Much of the work by its very nature will not permit those in charge to give it much publicity. For this reason it is desirable to secure members in all parts of the city who may be made more familiar with the purpose of the organization so that they can report needs and other things which will help to make more effective the work.

It is planned to open the meeting with community singing, and as part of the program one or two other musical numbers such as vocal and instrumental solos, will be arranged. The committee in charge consists of Mrs. George B. Baird, Mrs. Arthur E. Ford and Miss Elizabeth Blakeley.

## Burning Sam Reid's Mortgage.

Did you read about it in The Oneonta Star? It ought to wake up a lot of careless happy-go-lucky-don't-care-a-darn keeping-up-with-Joneses chaps, as to how I safely helped Sam to be able to burn that mortgage and now have a dandy home worth several thousand dollars all paid for, but simply paying \$12 a month. Well, up for 12 months. But that isn't all for he has safely provided a bridge to carry him over trouble by now having a goodly amount in one of my savings books. I have given others like him a chance to do the same thing to the amount of several million dollars and am now doing it for others to the tune of four million more. When the smoke is rolling up from Sam's mortgage, I'm wondering if he did not have a vision of future days when he was too old to go to his work at the D & H railroad shops, but was comfortably sitting on his cozy porch pulling away at a five-cent torch, with flowers round about a pumpkin vine growing in the garden and all his own children, dependent upon children, friends and charity, and when the village housewives would shoo them, the farmers dogs pursue them and bite them and then can't wait to give them and am now giving them the same same chance that Sam Reid had, they have had as good or better advantages and if they don't see a hole in a ladder, they must take their medicine. I'm the safe and sane Oneonta Building and Loan association. Adv. 17.

## To Honor U. S. "Unknown"

Lady Limerick has been suggested as the bearer of England's wreath which British women will send to this country for the dedication of the Tomb of the Unknown American Warrior. She lost her son in the war and endeavored herself to American soldiers through her canteen and other war work.

## DEATHS.

## Edith Leona Squire.

Edith Leona Squire of Kortright died yesterday forenoon at the Fox Memorial hospital. Her death was due to general blood poisoning. Last March she suffered a severe attack of scarlet fever from the effects of which she never fully recovered. On August 1, she was operated upon for the relief of mastoiditis. At the end of nine days she had sufficiently recovered to leave the hospital. Eight days later her condition became so serious as to necessitate her returning to that institution, where she remained until her death.

A brief prayer service will be held at the home of her uncle, Charles Smith, 36 Pine street, this city, Monday at 8 a. m. The funeral services will be held at the Methodist Memorial church, Kortright Center, at 11 a. m. Dr. Marvin Thompson of Troy, a former pastor of the deceased, will officiate and interment will be in the family plot at Bloomsburg.

The deceased was born in Bovina, July 18, 1898, the daughter of William and Lizzie (Caldwell) Squire. She was graduated from the Stamford seminary in 1915 and from the Teacher's Training class of the same school in 1916. After teaching two years near her home in Kortright, her father's death having occurred during that time, she went with her mother and sisters to Conn., where she has taught for the past three years in the Union school at West Haven. She is survived by her mother and by two sisters, Belle and Fannie, both of whom are teachers in the public schools of West Haven.

Miss Squire was a devoted member of the Methodist Memorial church and took active part in the work of the church when at her home in Kortright. She was a girl with a keen intellect, kindly and happy in disposition, with a smile for every one. To know her was to love her, and the heartfelt sympathy of a host of sorrowing friends, including her former pupils, will be extended to the mother and sisters in their bereavement.

## DEATH OF FRANCIS M. SISON.

## Life-Long Resident of Town of Unadilla Dies Thursday.

Unadilla, Sept. 9.—Francis M. Sison, a life-long respected resident of this township, died at 3:30 p. m. on Thursday, September 8, at his home in this village. The cause of his death was general debility due to advanced age rather than to any organic disease. The funeral services will be held at his late home at 3 p. m. on Sunday. They will be conducted by an old friend, Rev. Lynn Wheeler, assisted by his pastor, Rev. E. J. Griswold. The Masonic order will have charge of the services at the grave, and "music" will be sounded by Donald Morse. The bearers will be immediate members of the family.

Francis M. Sison was born July 26, 1842, at the old Sison homestead about two miles north of Wells Bridge. He was the son of Alanson and Maria (Earl) Sison. He was married in 1866 to Laura Siles. Two children, William H. and Benjamin F. Sison, with his wife survive him and also an adopted daughter, Cora Connolly Sison and two brothers, Samuel and Wallace; four grandchildren and two great grandchildren. He enlisted in the Civil war in 1862 in Co. G, 152nd regiment, and served three years. He was a member of Freedom lodge, No. 324, F. & A. M., and Unadilla chapter, No. 175, R. A. M., and was one of the oldest members of the lodge. He had always been a very active member of the Baptist church, first at Wells Bridge and later at Unadilla. He has served the town as supervisor for two terms and was always very active in all business affairs of the town. He conducted a general store and was postmaster in Wells Bridge many years, later selling it to his son, William. He was several years associated with Fred J. Joyce in the furniture store at Unadilla. He was later engaged in a dry goods store at Unadilla, later selling it to his son-in-law, Frank S. Davy.

Reading a good book with a happy ending leaves a pleasant recollection. To insure an agreeable ending to the meal use Baker's vanilla for flavoring the dessert.

## AT END OF TWENTY-FIVE YEARS

Rev. Dr. Edson J. Farley, Rochester Congregationalist of Church and City—Dr. Russell Commends Long and Faithful Service—Prof. VanDusen Voices Appreciation of Church—Pastor Deeply Appreciates Loyalty of Church and Kindness of Community.

At the reception given Dr. Farley last evening at the First Baptist church in commemoration of his 25 years as pastor the parlor of the church were filled to overflowing with members of his congregation and friends from other churches. Dr. J. C. Russell, pastor of the Presbyterian church, spoke of the long pastorate rarely achieved by any minister, alluding incidentally to the fact that he and Dr. Pendleton were nearing the quarter century mark themselves, and that in their long acquaintance he had learned to love and respect Dr. Farley.

Using an illustration from the "Idylls of a King" where there was one seat that could be filled only by Sir Galahad, so by long service to the First Baptist church Dr. Farley was entitled to this seat that no other one could fill. He spoke also of Dr. Farley's work as dean of the clergy, his work in the community and the estimation in which he was held by the citizens at large, and in closing testified him on his long pastorate and wished him many more years of service among us.

Prof. VanDusen spoke for the church, saying that while Dr. Russell had said about all there was to be said, and that he could say amen to it all, he wanted to express to Dr. Farley the love his own people had for him, and to say that one and all hoped that he would be their pastor for many more years.

Dr. Farley, in replying, said that he wanted to thank Dr. Russell and Prof. VanDusen for the kind words expressed and while he thought they were not all deserved, they were good to hear. He spoke of the great changes in both the city and church since he commenced his work 25 years ago. Thinking of the many who were in the congregation and were leaders in the church then who had passed away, he could not help but have feelings of sadness but he was thankful for the faithful members and leaders who were helping on the work. He referred to the "Idylls of the King" and, as he remembered, there were four tiers of seats, those on the upper one having wings, but above them all was the king. So with us above all, is the "Lord of All." He has had ambitious ambitions for a revival, not with an evangelist, but with each individual member to attend church services and to do personal work; ambition that the "Tithers" league in his own church should grow; ambition that in the near future the house of worship should be enlarged to better take care of the Sunday school and young people, and equipment added that was in need to properly take care of all activities.

In conclusion, he said that he loved the people, had enjoyed his long pastorate and hoped to stay another year at least.

During the evening Byron Chesbro sang a couple of solos, Newton Darling and sister sang a duet and Mrs. Hume, organist of the church, gave piano selections. At the closing light refreshments were served by the ladies of the church.

Among the clergymen in attendance not above named were Rev. Dr. O. S. Pendleton of the Main Street Baptist church, Rev. N. S. Burd of the West End church, Rev. Dr. E. M. Johns of the First Methodist Episcopal church and Rev. J. C. Johnson of the Elm Park church of Oneonta, and Rev. D. H. Woodward, formerly of this city, who on Sunday assumes the pastorate of the Baptist church at Edinboro.

## MRS. MARY F. CLEVELAND

Native of Oneonta Township and For Most of Her Life an Esteemed Resident—Funeral Monday.

The funeral of the late Mrs. Mary F. Cleveland, notice of whose death appeared in The Star of Friday morning, will be held on Monday afternoon at her home, 4 Walnut street, at half past two o'clock. Her pastor, Rev. Dr. Edson J. Farley of the First Baptist church, will officiate, and interment will be in the Farrington family plot in the Riverside cemetery.

Mrs. Cleveland was a native of Oneonta and was the elder daughter of the late Jacob and Elizabeth (Harris) Farrington. Her early education was obtained in the public and private schools of Oneonta. Afterwards she studied art in New York city, where she was a member of the Art Students' League. Subsequently she was a student in the Boston Conservatory of Music. For five years she conducted a studio in Binghamton, and afterwards for ten years in Providence, R. I. From the latter city she returned, following the death of her mother in 1901, to be with her father and sister; and from that time her home was at 4 Walnut street, where she died.

The only surviving member of her family is her sister, Miss Grace F. Farrington. Her husband, Dr. James B. Cleveland, formerly a well-known dentist of this city, died about thirty years ago, and her only son, George B. Cleveland, who was by profession an electrical engineer, was accidentally killed seven years ago at Harbor, Canal Zone, where he was in the government service. The latter's wife and a step-daughter of the deceased, Mrs. L. E. Harris of New York, had been notified of her illness and both have arrived in this city, the former reaching Oneonta shortly before her demise.

Mrs. Cleveland was from early girlhood a faithful and consistent member of the First Baptist church of this city. She was also a member of the Woman's club, and was for some time director of its literary class. She was a woman of noble character, and of fine and varied attainments. Her work as an artist was notable; she was until a branchial trouble of later years intervened an excellent singer; and she was the possessor of much genius as a writer, some of her poems being marked by an originality of thought and expression. She had many friends, and perhaps what is more notable, she had an unusual faculty of winning and retaining friendships. To her sister, many friends will extend their heartfelt sympathy, sorrowing with her in the thought that the tie of intimate companionship for so many years is now severed.

Vaughn Thayer and Lewis W. Miller of this city leave this morning for Rochester, where next week they will begin a two years' course in the Rochester School of Optometry. Mr. Thayer is the son of F. L. Thayer, an optometrist with office in the Fairchild building, while Mr. Miller, who is the son of Mr. and Mrs. W. H. Miller of 12 Central avenue, has been employed by the Oneonta Optical company. Both are young men of progressive type who will have the best wishes of their many friends as they embark upon their life work.

They will be accompanied to Rochester by Mr. Miller's father, who will spend a few days in that city.

The more conservative dress from the strictly Chinese wear skirts with the gorgeous mandarin coats. Comfortable, they say, and attractive. Not to say different.

Miss Susan Hopkins, a graduate nurse of the Fox Memorial hospital, who for several years has been a resident of this city, making her home with Mr. and Mrs. Willis D. Butler, left yesterday morning for her native province of Ontario, where she expects hereafter to reside. Her home will be at London.

Frederick J. Mason, who has been spending the summer vacation in Oneonta, leaves tomorrow to resume his school duties at Elmhurst, Borough of Queens, Mrs. Mason, who was recently injured in an automobile accident, is still at the Fox Memorial hospital, but is making a good recovery and hopes soon to return home.

Mr. and Mrs. H. Spencer Rowe, their daughters, Frances and Helen, and Mr. and Mrs. W. H. Blakely returned late yesterday afternoon from a week's motor trip through the Adirondacks, wherein they visited various resorts including Saranac Lake and Lake Placid. The continuation on through Malone to Montreal and returning through Vermont, they came back over the Mohawk Trail to Albany.

The weather was excellent and this trip very enjoyable. The roads also were in fine condition, with the exception of those in Vermont.

## SHALL AMERICA OR GERMANY MAKE OUR DYES?

Senator Penrose, whose committee is considering dye question, and "Deutschland," with tug at starboard.

Shall America make her own dyes or be entirely dependent for them upon Germany?

Before the war Germany controlled the dye-making industry of the world. Even after war had begun it will be recalled, Capt. Koenig, of the German submarine "Deutschland," bobbed up in Baltimore one Sunday morning with his submarine filled with German dyes which American manufacturers eagerly snapped up.

But Germany could not keep this up, and in dire necessity for "colors," American businessmen had American chemists set their scientific heads to work out formulas for making dyes at home. Before that there had been no chance to overcome the powerful Deutsche Interessengemeinschaft backed by the German government itself and abetted by smooth-tongued German diplomats the

world over. Indeed, America was made believe that the United States could not make dyes. Some people still believe that. And there is a constant German propaganda going out even now supporting stories that "American dyes are not fast," that "fabrics dyed with American colors fade," etc. The facts are, according to American chemists, that American colors are just as fast as any "made in Germany."

Before the war, the United States bought on an average over 43,000,000 pounds of German dyes a year, amounting to over \$9,000,000. China was the second largest purchaser from Germany. Now Great Britain, France, Italy and Japan have either imposed an embargo against German dyes or a licensing system to protect their own dye industry, leaving the United States and China as the only two big dye purchasers with-

out protection against the powerful German dye trust.

The opposition to the protective embargo is made up largely of importers of German dyes who desire to purchase at a lower price. But the cost of American dyes is coming down as experience in dyes making increases. The expense to the individual is low anyhow. The cost of the dyes in a dozen pairs of socks is about two cents; in a suit of clothes only fifty cents. If the dyes cost nothing the price of the clothing would remain the same.

Now the question is, shall all that American industry has learned to produce be scrapped? When the war ended 184 American dyes plants were ready to go right on as necessary industrial organizations in time of peace. This number has increased now to 214 with an output worth more than \$63,000,000 a year.

## HOT RACING AT COUNTY FAIR

COOPERSTOWN FREE-FOR-ALL PROVES SPECTACULAR TRACK EVENT

H. P. Folts' Harper Awarded First Money, While S. G. Camp's Gaiety Miss Shares Second — County Fair Comes to Successful Close.

Cooperstown, Sept. 9.—Red hot racing marked the closing day of the 1921 county fair, the free-for-all being the most thrilling contest that has been witnessed on the local track in years. The race was not completed, but H. P. Folts' Harper was proclaimed the winner.

There was a crowd of about 5,000 persons on the grounds today, and the weather continued favorable. The platform attractions were especially well presented, and altogether it made an ideal closing day for the fair. The management is to be congratulated on the success of the 1921 fair.

The free-for-all was the outstanding feature of the day. There were four entries and the race was hotly fought all the way through. The first heat witnessed the remarkable spectacle of Copake and Gaiety Miss running a dead heat. Then Camp's Bellinardine took the second heat. The third heat also was practically a dead heat, Harper being announced the victor over Bellinardine by a very scant margin, and there were many people in the crowd who differed with the judges. Following the dispute over the winner of this heat, Mr. Camp withdrew Bellinardine. Harper easily took the fourth heat, and the race ended there by agreement. Harper was awarded first money, and second money was divided between Copake and Gaiety Miss. The results follow.

The closing exhibition days of the Otsego County Agricultural society fair proved to be of great interest owing to the part taken by the young people of the schools and of the Junior Extension Department, in which the county Junior Extension organization under the supervision of the leader, Ralph Q. Smith, is cooperating. The exhibits of both schools and Junior Projects were shown in the building near the ticket office that has been given up to the boys and girls' club work. Entries were received in all of the many classes that have been liberally provided by the management of the fair.

Thursday several teams demonstrated the practical things derived through the Project work. Caning, sewing and milk-testing demonstrations were given. Both yesterday and today D. W. Witter, who is in charge of the poultry work at the Delhi State School of Agriculture, had charge of the poultry demonstrations.

Domestic hall was well filled with exhibits of use and ornament, in crochet work, knitting, sewing and weaving. In all other departments, the accommodations were too small to hold the exhibits, cattle pens and poultry houses being filled to capacity and exhibits placed outside the buildings. Among the cattle exhibited were the heifer calf owned by Miss Anna Fuller and the yearling heifer owned by Edward Kehr, both animals being prize winners at the annual exhibit of the Unadilla Calf club, held Aug. 24. These prize animals were here to compete with other calves and heifers in the county for a trip to the State Fair at Syracuse.

One of the most interesting sights of Thursday was the parade by the school children and Junior Project members. Headed by the Cooperstown band, the children with banners and floats passed before the grand stand from the Junior Extension building.

## DINNER JACKET IS "SAVED"

English Authorities on Dress Give It a New Lease on Life—Approved for Most Occasions.

London.—A report that the dinner jacket was doomed has for some time worried men in London who conform to the decrees of the styles makers.

But the London correspondent of the Manchester Guardian comes along with the good news that it is the correct thing and that it is here to stay, the best authorities on dress asserting that except when ladies are in the party, the dinner jacket with a black tie will continue to be worn at the smartest theaters, and also will continue to be generally worn in the best clubs.

While there has been a strong revival in "dressiness" in London recently, the fact is obvious that it was a long time ago and in another sort of a world when King Edward remarked to a young man who appeared in the Marlborough club one night in a dinner jacket: "Are you going to a fancy dress ball tonight?"

Waterproofing Concrete.—For the first coat dissolve three-quarters of a pound of castile soap in each gallon of water used as a wash for the concrete. Apply this soap-wash boiling hot with a brush. After 24 hours of drying weather apply the second coat, consisting of alum water, one-eighth pound of alum to each gallon of water. Apply the alum water lukewarm. The soap fills the pores and the alum hardens the soap.

## BULGARS WORRY OVER MONEY

Speculators in Exchange Face Jail Sentences—Coin's Value Steadily Depreciating.

Sofia.—Steady depreciation of the Bulgarian leva is causing anxiety in state circles and the government has taken coercive measures to stop all speculation in exchange. Heavy fines and even jail sentences will be imposed on anyone dealing in exchange without having the payment of some foreign bill in view.

The Bulgarian leva before the war was worth about the same as the French franc or about five to the American dollar. During the war the dollar at one time had a purchase value of 80 to 90 levass and now an American dollar is worth 125 levass. All the big banks have expressed their desire to collaborate with the government in an effort to check the fall of the leva, but it seems that no remedy has yet been found.

ONEONTA, NEW YORK

Big Floral Parade Premiums  
Sept. 22nd, At Oneonta Fair

This year, as always, one of the greatest features of the Great Central New York Fair in Oneonta, is the Floral parade, which will be held on Thursday, September 22—the fourth day of the big exhibition. In order to attract the largest number of entries and to induce unusual care and artistic effort in preparation, the society offers a total of \$1,646 as premiums for this one fair feature, and unquestionably the success of previous years will this season be duplicated.

The management suggests, however, that there are probably many who might have part in this exhibit who have not given it consideration. With a total of sixteen class numbers and with six liberal prizes offered in each, every person, school, society or association making an entry is practically assured of a share in the premiums; and, inasmuch as the present season

has provided an abundance of blossoms, there should be little trouble in obtaining material for decoration, which may be either of natural or artificial. It is suggested that the reader of this article think whether he cannot himself join in the big parade and secure a liberal share of the money. The following are the premiums offered for exhibits for the parade, which will be held on Thursday, September 22:

## REOPENS WITH GREAT SUCCESS.

New York Hippodrome Makes Ten-Strike by Reducing Prices.

This past week was an eventful one for amusement seekers in that it saw the great Hippodrome reopen with the greatest success of its career. New York not only retains its big playhouse, with its accustomed policy, but Charles Dillingham has made a veritable ten-strike by reducing the prices of admission so materially that the huge entertainment of international star is brought within the reach of every purse. The principal topic of conversation this past week, among theatrical managers and theatre patrons has been the astute move of this manager in pioneering the way to a nominal scale of prices.

Twelve capacity performances characterized Mr. Dillingham's latest Hippodrome production, "Get Together"

which on Monday begins its second full week at the big playhouse. This is the new production, the seventh of the Hippodrome under his management is the greatest of Mr. Dillingham's Hippodrome triumphs is attested by the universal acclaim which has been accorded by the thousands who already have seen this new production. With the Yokino-Fokina ballet, "The Thunder Bird," "Get Together" brings the Hippodrome its greatest ballet glories, and "The Thunder Bird" in setting and in action has been pronounced one of the most spectacular ballets ever produced in America. Charlotte, queen of skaters, has returned to the big playhouse to score new triumphs and to demonstrate that she is still supreme upon the ice, and with her in her train she has brought Katie Schmidt, Howard Nicholson and Paul Kreckow to appear in her ballet, "The Red Shoes," brought to the Hippodrome direct from Admiral's Ice Palace, Berlin.

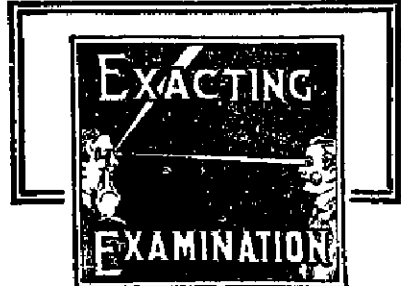

"Get Together" has been named a national show of international stars and among the artists and entertainers of world renown are Bert Levy, the whistler and cartoonist. The Three Boys from Belgium with their wonderful crowd, The Five Kaetzs from Holland, Terry Corvey, the Austrian musical clown, Moron, the new French clown, Marceline, the Hippodrome clown, who has appeared before Hippodrome millions and Powers' Elephants, greatest of performing pachyderms. For the devotees of the motion picture, Mr. Dillingham has included in the program, a Clyde Cook comedy, "The Tormentor" secured for the first showing in the United States and Canada by arrangement with William Fox. Although "Get Together" is the greatest achievement of the series at the Hippodrome, the prices are exactly half those in force last season. By this irresistible combination the vast clientele of the popular playhouse will grow to the largest in the history of the Hippodrome. Matinees are given daily.
